Double Auto Swing omni-directional air flow control

Right and Left

Up and Down

Quiet Airflow

These quiet and unassuming wall-mounted units are extremely quick and easy to install. A long-life washable air filter makes maintenance speedy and simple. Ideal for residential and light commercial premises. The outdoor units are based on a valve-in construction design making them compact and elegant.

Wall Mounted

Our wall-mounted range of air-conditioners are available in 8 different sizes making them versatile and adaptable for any interior environment.

- Small units such as the 7, 9 and 12 systems offer an auto swing feature which automatically distributes air for maximum comfort.
- Medium units, which include the 14s models have selectable 7-step auto swing features, giving greater control over your environment.
- The large units, models 17 through to 30 have double auto swing and omni-directional control, allowing you to heat or cool a large area economically and efficiently.

FUJITSU

Total comfort with ease of operation

Stylish and only 17cm in depth, these elegant wall-mounted units complement any interior décor and are suitable for a variety of applications. The Fujitsu range of wall-mounted air conditioners includes a powerful cooling air outflow which gradually lowers the room temperature, to the required condition in the minimum time but at maximum efficiency.
